

September 2022

It is with great excitement that we welcome the customers of Gumm's Optical Shoppe to the Northridge Eye Care family!

Starting October 17, 2022, our team stands ready to provide fast and friendly service for all your corrective vision needs in our full-service optical department including: eyeglass fittings, adjusting and repairs; contact lenses; prescription sunglasses and much more. Our vast selection of trendsetting and stylish designer and affordable eyewear is available with all of the specialty lens treatments you have come to expect.

As we are happy for John and Cathy Gumm to start their next chapter, we are also extremely happy to announce that you'll be seeing a familiar face in our office. Optician **Cory Rhodes** is joining our Optical Department team to continue providing the premium service that you are accustomed to. She will be working with us at 530 Main Street, across from Sacred Heart Catholic Church.

We do not take for granted the confidence our patients and customers place in us. Our entire Northridge Eye Care team is dedicated to providing excellent, personalized care as Red Bluff's premiere location for ophthalmology and optometry. Board certified Ophthalmologist Dr. Brian Haugen, along with Optometrist Dr. Stacy Cullum, take pride in staying updated with the latest medical advancements and breakthrough technologies. We are proud to provide top-notch vision and eye health care.

Again, we are thrilled to welcome you to Northridge Eye Care. We stand ready to be Looking Forward Together.
